

RICH PAULOO, PHD

I'm a hydrogeologist and data scientist with a background in physical science (geology, fluid mechanics, statistical methods, optimization, geospatial science), computing (sensor networks, cloud computing, open source software development), and physics (mathematical and numerical modeling, contaminant transport).

I have coded workflows that automate real-time data streaming from hundreds of remote sensor networks¹; built dashboards and interactive data visualizations to bring clarity to datasets with millions of observations²; created 3D numerical physical simulation models of groundwater flow and contaminant transport³; made animations to improve machine learning interpretability⁴; built multiple R packages⁵; won an AI for Earth Grant to create a web tool to communicate complex model results⁶; and I'm currently writing R data science curriculum⁷.

2015

- **Graduate Student Researcher**
Fogg Lab 📍 UC Davis
 - Process large hydrologic datasets, 3D numerical groundwater flow and contaminant transport models, & network optimization models.
 - Developed novel models of well failure, groundwater salinization, and contaminant transport in porous media.
 - Regularly use R, Python, Git, Bash, MODFLOW, RW3D, Paraview, Illustrator, AWS, Linux, ArcGIS, Envi, LaTeX.
- **Data Lab Researcher**
Computational Institute for Geodynamics (CIG) 📍 UC Davis
 - NLP, text mining, and network analysis in R on a corpus of ~600 PDFs.
 - Developed an R Shiny dashboard¹¹ to understand the corpus.
 - Results published here¹².

🌲 TEACHING & LEADERSHIP EXPERIENCE

2016
|
2015

- **Expedition Leader**
National Geographic & Adventures Cross Country 📍 Thailand
 - Coordinated all aspects of multi-week international travel.
 - Facilitated teambuilding, group dynamics, and cultural integration.
- **Site Manager & Educator/Guide**
NatureBridge 📍 Yosemite & the Marin Headlands, CA
 - Coordinated with Operations to run a 200-student, 60 employee campus, which involved frequent public speaking.
 - Lived and worked with a close team.
 - Trained in wilderness guiding and backcountry safety.
 - Served as primary liaison between the organization and clients.
- **Environmental Science Educator**
San Mateo County Office of Education 📍 La Honda, CA
 - Designed curriculum & taught science to diverse students.
 - Worked and lived with a close team of educators.
 - Frequent improvisational public speaking to large audiences.

2012

Before pursuing my PhD, I spent 3 years teaching diverse audiences in environmental education. I worked in Yosemite, Thailand and the Marin Headlands, and honed skills in public speaking, interpersonal team development, group facilitation, and critical listening. Living with my coworkers in tight teams taught me patience and cooperation. During summers I guided expeditions in the wilderness and abroad with National Geographic.

🏆 GRANTS AND AWARDS

2020

- **Microsoft AI for Earth (national)**
\$37,571
